

The Rib Boat Experience!

We can offer up to 15 rib boats enjoying the endless Blue of the Greek seas!

Our meeting point for this unique ride will be right at the dock of your hotel where our captains and sailors will welcome your guest in groups of ~8 people to the boats!

You can either enjoy a ride to close by islands or beautiful Cape Sounio - and combine with nice lunch at a typical Greek fish tavern.

Should you choose a team event it could look like this:

The action will begin on board as through a series of mind tasks, puzzles and riddles they will have to find out their destination and its exact location in the map in order to 'sketch' their route and reach the "Secret Island". Who will manage to finish 1st ?

During the tour the guests will enjoy swimming and snorkeling in crystal clear waters.
Are you ready for a special day at the sea?
